

Industry Study #3526

# OKLAHOMA OIL & GAS DRILLING MARKET OUTLOOK

May 2017

This Freedonia study analyzes the Oklahoma oil and gas drilling market. It presents historical data (2015 and 2016) plus forecasts (2017 and 2018) by play (STACK, SCOOP, Arkoma Woodford, and Granite Wash) in wells drilled, footage, and active rigs. Additionally, data is analyzed by well trajectory, resource, operator, and formation, where applicable. The study also evaluates drilling rates, drilling costs, land acquisitions, and infrastructure.
