

Foodservice Single-Use Products in the US

Industry Study #3543 | December 2017

This study analyzes the \$21.8 billion US foodservice single-use (disposable) products market. It presents historical demand data (2006, 2011, 2016) and forecasts for 2021 by product (bags, clamshells, containers, cups, corrugated & paperboard boxes & cartons, dinnerware, lids & domes, napkins, utensils, wraps) and market (eating & drinking places, institutional, lodging & hospitality, retail establishments, sports & recreation). The study also assesses materials utilized, evaluates market share, and analyzes industry competitors including Dart Container, Georgia-Pacific, International Paper, Novolex, Pactiv, and WestRock.
