

CABINETS MARKET IN THE US

Industry Study #3562 | September 2017

This study examines the \$16.2 billion US cabinet market. It presents historical demand data (2006, 2011, 2016) and forecasts for 2021 by product for kitchen cabinets (base, wall, and tall) and bathroom cabinets (vanities and medicine chests), by market (residential, nonresidential, and nonconstruction), application (new construction, remodeling), construction method (stock, semicustom, custom), material (wood-based, nonwood), and region of the US. The study also evaluates company market share and analyzes industry participants including ACProducts, American Woodmark, Elkay Manufacturing, MasterBrand Cabinets, Kohler, Masco, and RSI Home Products.
