

# Roofing: US Forecasts, 15th Edition

Industry Study #3564 | September 2017

This study assesses the \$15.7 billion US roofing market. It presents historical demand data (2006, 2011, and 2016) and forecasts for 2021 by product (asphalt shingles, metal, bituminous, plastic, rubber, roofing tiles, wood shingles and shakes, and other), market (new residential, residential reroofing, new commercial, and commercial reroofing), and US census subregion. The study also evaluates company market share and provides analysis on US industry competitors including GAF Materials, Owens Corning, CertainTeed, Firestone Building Products, Carlisle SynTec, and Johns Manville.
