

Landscaping Products Market in the US

Industry Study #3565 | October 2017

This study examines the \$7.3 billion US landscaping products market. It presents historical demand data (2006, 2011, 2016) and forecasts for 2021 by product (decorative products, hardscape products, outdoor structures, and other), market (residential, nonresidential, nonbuilding), application (new, and improvement and repair), end user (professional and consumer/DIY), and region. The study also evaluates company market share and analyzes US industry competitors, including Boral, CEMEX, Central Garden & Pet, HeidelbergCement, Oldcastle (CRH), Philips Lighting, and Quikrete.
