

Electronic Security Products US Market Forecasts

Industry Study #3566 | September 2017

This Freedonia study examines the \$13.3 billion US electronic security product market. It presents historical demand data (2006, 2011, 2014) and forecasts for 2021 by product (alarms, video surveillance equipment, access controls, contraband detection systems, and electronic article surveillance systems) and market (nonresidential, consumer). The study also evaluates company market share and presents analysis on industry players such as Canon, dorma+kaba, Hangzhou Hikvision, Honeywell International, Johnson Controls, Robert Bosch, Smiths Group, and United Technologies.
