

Global Water Filtration Equipment Markets

Industry Study #3568 | November 2017

This industry study analyzes the \$40 billion worldwide water filtration equipment market. It presents historical demand data (2006, 2011, 2016) and forecasts for 2021 by product (sand filtration, cartridge filtration, other conventional filtration, microfiltration, reverse osmosis, ultrafiltration, and other membrane equipment), market (municipal, manufacturing, commercial and residential, oil and gas) and global region. The study also evaluates company market share and analyzes industry participants such as Culligan, Danaher, DowDuPont, Ecolab, Evoqua Water Technologies, Parker-Hannifin, Pentair, SUEZ, and Veolia Environnement.

Table 9-14 | South Korea: Water Filtration Equipment Demand by Product, 2006-2021 (million dollars)

Item	2006
Water Filtration Equipment Demand	510
Conventional Filtration:	220
Sand Filtration	90
Cartridge Filtration	65
Other Conventional Filtration	65
Membranes:	290
Microfiltration	115
Reverse Osmosis	115
Ultrafiltration	45
Other Membranes	15
