

WINDOWS & DOORS MARKET FORECASTS

Industry Study #3572 | September 2017

This Freedomia study assesses the \$27.2 billion window and door market in the US. It offers historical demand data (2006, 2011, 2016) and forecasts for 2021 by material (metal, wood, plastic), market (new residential, residential improvement & repair, new commercial, commercial improvement & repair), product (windows, doors, components & other), and geographic region of the US. The study also evaluates company market share and analyzes industry leaders such as Andersen, ASSA ABLOY, JELD-WEN, Marvin Companies, Masonite International, Pella, and Ply Gem.
