

Global Windows & Doors

Industry Study #3588 | December 2017

This Freedonia study assesses the \$172 billion global window and door market. It presents historical demand data (2006, 2011, 2016) and forecasts for 2021 by product and material (wood windows, metal windows, plastic windows, wood doors, metal doors, plastic doors), as well as by market (new residential, residential improvement and repair, nonresidential improvement and repair, new nonresidential), for 19 countries and 6 world regions. The study also evaluates company market share and analyzes industry competitors worldwide, including Andersen, ASSA ABLOY, JELD-WEN, LIXIL Group, Masonite International, Pella, Sanwa Holdings, and YKK.
