

Food Safety Products in the US

Industry Study #3613 | April 2018

This industry study analyzes the \$4.1 billion US food safety products market. It presents historical demand data (2007, 2012, 2017) and forecasts for 2022 by product (disinfection products, diagnostic products, protective apparel, smart labels and tags, and foreign object detection equipment) and by market (food processing plants; foodservice establishments; farms; retail, wholesale, and distribution; and government). The study also evaluates company market share and analyzes leading competitors including Ecolab, 3M, and Diversey.

Table 3-3 | Disinfectant & Sanitizer Chemical Demand by Type & Market, 2007 – 2022 (million dollars)

Item	2007
Disinfectant/Sanitizer Chemical Demand	594
By Type:	
Quaternary Ammonium Compounds	188
Phenols	158
Iodophors	120
Chlorine	72
Other Types	56
By Market:	
Food Processing Plants	365
Foodservice Establishments	181
Other Markets	48
% disinfectant & sanitizer chemicals	63.9
Disinfection Product Demand	930
