

Disposable Medical Supplies in the US

Industry Study #3631 | June 2018

This study assesses the \$67 billion US disposable medical supplies market. It presents historical data (2007, 2012, 2017) and forecasts for 2022 by product (drug delivery disposables, wound management supplies, nonwoven medical goods, and other) and market (hospitals, home healthcare, outpatient facilities, physicians' offices, skilled nursing homes, dental offices, and other markets). The study also examines overall healthcare trends and evaluates the market shares and competitive positions of industry players such as Becton Dickinson, Johnson & Johnson, Cardinal Health, Medline Industries, 3M, Baxter International, and B. Braun Medical.
