

Residential Windows & Doors Market in the US

Industry Study #3641 | July 2018

This industry study analyzes the \$20.4 billion US residential window and door market. It presents historical demand data (2007, 2012, 2017) plus forecasts for 2022 by material (wood, plastic, metal), market (new residential, residential replacement), product (windows, doors, replacement components & accessories), and geographic region (Northeast, Midwest, South, West). In addition, the study evaluates company market share and analyzes industry competitors, including Andersen, JELD-WEN, Masonite International, Pella, and Ply Gem.
