

# Global Security Services

Industry Study #3682 | October 2018

This study covers the global security services market. Revenues by service and by market are provided in US dollars. Revenue totals for other countries are also presented in local currency terms. In addition, industry size in the 19 selected countries is offered in employment numbers. Each country features revenue by service (guarding, alarm monitoring, cash-in-transit & related services, and other services such as systems integration) and by market (commercial & industrial, government & institutional, and residential). Market share is evaluated, and global industry competitors are analyzed, including ADT, Allied Universal, G4S, Prosegur, and Securitas AB.
