

# Converted Flexible Packaging

Industry Study #3731 | April 2019

This study analyzes the US \$22.8 billion converted flexible packaging market. It presents historical data (2008, 2013, 2018) and forecasts for 2023 by product (bags, pouches, wraps, other), and market – food (baked goods; beverages; candy & confections; dairy products; frozen food; grain mill products; meat, poultry, & seafood; pet food; produce; snack food; other) – and nonfood (agricultural & horticultural products, chemicals, medical products, paper & textiles, pharmaceuticals, rack & counter, other). Materials included in the study are plastic, paper, and aluminum foil. The study also evaluates company market share and analyzes US industry players including Bemis, Berry Global, Bryce, Hood Packaging, Mondi Group, Printpack, ProAmpac, Sealed Air, Sonoco Products, and TC Transcontinental.
